To;

Dr.K.Alagusundaram

Deputy Director General (NRM)

ICAR, Krishi Anusandhan Bhavan-II

Pusa, New Delhi-110012

Subject: Research on Jatropha at ICAR-Central Agroforestry Research Institute, Jhansi (UP)

Reference Dr.Gill registered letter of dated 24.12.16 & 14.02.16 as addressed to you and copy to Expenditure Secretary, Ministry of Finance, New Delhi and the Director, CAFRI, Jhansi (UP)-284003

Dear Sir,

On the above said subject and reference, received the first response from ADG (Agroforestry), ICAR, vide his letter FNo.11-01/2016-AFC (Pt.II) of dated 18.04.16 in three lines as detailed below

"I am directed to refer your letter 14.02.17 on the subject cited above and to say that biofuel and bio-energy are the component of Agroforestry Research. The research achievements have been published in scientific journals and are in public domain."

On the above comments, if it has the approval of the DDG (NRM), Dr.Gill has no comments to offer. But the facts are

1. Jatropha is a moisture loving plant and it can only survive at Jhansi if regular irrigation is ~~is~~ provided & no farmer will like to irrigate this plant.
2. Without giving irrigation it will not yield at Jhansi

Though Dr.Gill is submitting one RTI to CAFRI, but there is little hope that the CPIO CAFRI will provide any information

Yours faithfully

(A.S.Gill)

✓ Copy to the CPIO, CAFRI, Jhansi to provide the following certified information under the RTI act ~~through~~ speed post

1. For the last 10 years provide area and yield, years wise under Jatropha at CAFRI, Jhansi
2. Full list of research publication on Jatropha as brought out by CAFRI, Jhansi
3. Provide documentary proof that bio-fuel & bio-energy are the components of Agroforestry Research at CAFRI, Jhansi.

One IPO (NO.783473) for Rs.10.00 is enclosed towards the fee.

File: Jatropha

Received on 02/05/17
