

ICAR-CAFRI, Jhansi, Observed Parthenium Awareness Week-2020

ICAR-Central Agroforestry Research Institute, Jhansi has observed the Parthenium Awareness Week during August 16-22, 2020. The programme was observed with creating interest and awareness amongst farmers, farm women, rural youth and other stakeholders. The farmers/villages were made aware through using mobile phones. An event was organized at ICAR-CAFRI, Jhansi campus on August 21st, 2020 in which the staff members, 24 nos. (Scientific, Technical and Administrative) have taken keen interest and participated. During the week the visiting farmers and other stakeholders were also made aware about Parthenium weed. Dr. R.P. Dwivedi, Principal Scientist (Agricultural Extension) coordinated the programme of Parthenium Awareness Week -2020 at ICAR-CAFRI, Jhansi.
