

ICAR-CAFRI cancels its Foundation Day

We are sorry to inform you that CAFRI lost one of its experienced scientists, Dr Sudhir Kumar, Principal Scientist (Horticulture), today. As a homage to our beloved colleague, we have **cancelled** the foundation Day celebration of Central Agroforestry Research Institute, Jhansi that was scheduled tomorrow, the 8th May, 2021.

A Great Loss to CAFRI

CAFRI Family pays homage to our beloved Colleague Scientist with all respect

His sudden demise came with a lot of agonies. Even though his physical presence is not felt, he will always be inside our hearts. We have to stay strong.

May his soul rest in peace.

As a matter of fact, we all need to be careful and follow all COVID protocols at home, workplace and also in the public places to sustain this pandemic.

STAY SAFE
